Hi, All –

A Wikipedia page has been created on the spill... see link below.

https://en.wikipedia.org/wiki/2015_Gold_King_Mine_waste_water_spill

The Wikipedia piece places the lat/long of the spill at 37.894444° N -107.638333° W – that would need to be confirmed. The article may contain some inaccuracies.
